HUBBUCK'S PATENT WHITE ZINC PAINT.—ANNOUNCEMENT.

THE MARINE QUEEN, it possesses the following advantages:—It is whiter than any other Paint, and retains this whiteness for years, unaffected by bilge-water, or noxious vapours from sewers. The White Paint in the hold of a ship, after discharging a cargo of guano, is found to be as white as the poor fellows (when newly painted. Under these and other circumstances, when every other paint hitherto known and tried has failed, the "White Zinc Paint" has preserved the human life entrust. Moreover, by virtue of its galvanic action on iron, it entirely the poem and forms no portion of the two metals, which protects the iron from rust, decay, or incrustation.

For the GENERAL PURPOSES of the decorative painter, the "White Zinc Paint" has been found unparalleled in whiteness, fineness of colour, durability, and beauty of texture. It becomes so hard as to admit of polishing equal to the finest enamel panelling.

For SANITARY PURPOSES the "White Zinc Paint" is valuable, not only from its being totally free from every ingredient injurious to health, but from its combining chemical qualities which render it a powerful corrective where contagious disease have prevailed; furniture or buildings painted with it are at once disinfected. Paralysis and Painters' Cholic are avoided by its use, as well as similar results to the occupants of newly painted rooms. Apartments may be immediately occupied, without injury to the health of children or the most delicate constitution. It is cheaper than common paint, from there being nothing ever a much larger quantity of this paint covered as much as is usually covered by 3 cwt. of white lead. Each coat is stamped with the name "Hubbuck—London.—Patent," as the style of the Manufacturers (a circular with full particulars may be had of the manufacturers, THOMAS HUBBUCK and SON, Colour Works, opposite the London Dock.

PURE PATENT WHITE ZINC PAINT of the VIENNESE MONTANGNE ZINC MINING COMPANY.—This Company having become Proprietors of all rights and patents of the late Joseph Hall, of Vienna, for the making of WHITE OF ZINC in a PURE STATE, and of a quality which can only be manufactured from the ores of their Mines in Austria. The Patent White Zinc Paint is superior for every purpose to white lead paint. It is entirely free from all poisonous influences, and is unaffected by sea-water, sulphuretted hydrogen, or any gases; besides, it preserves its original colour, which white lead paint does not. White zinc paint, some of these ranges in varieties specially manufactured by which to suit the various purposes to which persons who have used white lead paint are also liable. A pamphlet article having been lately issued under the name of White Zinc Paint, the double is mentioned as about to become, when adulterated. It becomes every inferior quality of a poisonous paint.
